

Access International Finance

The EIG project connects early stage, ICT research projects, start-ups and SME's with international investors seeking new venture opportunities.

EIG is an exclusive partner of the European investment platform EuroQuity, offering its members immediate access to a high calibre financial competence network of 6500 investors, 6560 entrepreneurs, and 2500 advisors. Dublin BIC, as an EIG partner, assists Irish entrepreneurs & investors to get involved.

EIG FOR ENTREPRENEURS

- ▶ Benefit from personalised "Access to Finance" training
- ▶ Connect with international investors, advisors, entrepreneurs and research institutes
- ▶ Develop the international investor readiness & commercialisation of your project

EIG FOR INVESTORS

- ▶ Access a network of pre-screened international ICT start-ups and research entrepreneurs
- ▶ Connect with international investors and business organisations
- ▶ Attend pitch sessions throughout Europe

Goals of EIG:

- ▶ Improved interaction between international investors and innovative, early stage projects in the ICT sector
- ▶ International finance for innovative, investor ready SMEs and entrepreneurs
- ▶ Greater awareness among international investors for the commercialisation potential of research projects

We provide access to:

- ▶ Coaching and mentoring to develop the international investment readiness of innovative, early stage projects in the ICT sector
- ▶ A platform for access to international finance for innovative SME's and entrepreneurs seeking equity investment
- ▶ International pitching opportunities for participants that have developed investment readiness
